About Us

Known for **Manufacturing, Exporting, Trading and Importing** a wide range of optimum quality Industrial Roofing Sheets and Allied Products, **JBFS Engineering Systems Private Limited** was set up in the year **2009**. Our effective product range consists of **Roofing Sheets, Turbo Ventilators and Z & C Purlins.** Offered by us, the offered range of industrial roofing sheets and allied products is manufactured from quality assured materials that are sourced from trusted vendors of the industry. Due to its high tensile strength, resistance to corrosion, temperature & weathering condition, sturdy construction and seamless finish, the offered range of industrial roofing sheets is highly demanded in various construction industries. In addition to this, the offered range of industrial roofing sheets can be custom designed as per the specifications provided by the customers. Offered by us at industry leading prices, the offered range is highly appreciated among our customers.

Our large production capacity has helped us in meeting the bulk orders of offered industrial sheets and other products within the assured time frame. For the purpose of winning the trust of our valuable customers, we have implemented complete transparency in all the business dealings.

Established and managed by our proprietor, **Mr. Ramesh Bothra**, at Kolkata, West Bengal, we have been able to cater to the precise needs of our valuable customers in...
